JB's I get so drunk I'm on my knees
I go there on a Thursday
JB's don't make me leave I'm begging please
Don't want to go to work on Friday

Every single day I'm always really bored
Sit down with my guitar and try to learn new chords
I go around town to see what I can do
There's nothing fucking here except a castle and a zoo

There's one night of the week
We all go really mental
The music's loud and beer is cheap
When we go to...

JB's I get so drunk I'm on my knees
I go there on a Thursday
Whoa-a-oh
JB's don't make me leave I'm begging please
Don't want to go to work on Friday
Oi Oi Oi

We go up the full moon to get us into gear
We'll always drink the drink
Till JB's time gets near
We walk up to the place and strut in with our tone
Make sure that we're seen until we get back home

There's one night of the week
We all go really mental
The music's loud and beer is cheap
When we go to...

JB's I get so drunk I'm on my knees
I go there on a Thursday
Whoa-a-oh
JB's don't make me leave I'm begging please
Don't want to go to work on Friday

We mosh to metal
We skank to ska

We pongo to punk
Cause that's who we are
We mosh to metal
We skank to ska
Pongo to punk
That's who we are

There's one night of the week
We all go really mental
The music's loud and beer is cheap
When we go to...

JB's I get so drunk I'm on my knees
I go there on a Thursday
Whoa-a-oh
JB's don't make me leave I'm begging please
Don't want to go to work on Friday
Oi Oi Oi

JB's don't make me leave I'm begging please
Don't want to go to work on Friday
