You, you stand, all alone
Like a damsel in distress
You feel, the cold
And I don't know why

So hold on, hold on
To your pride
Take it all, take it all
In your stride

Cause we feel out of place
And you seem out of shape
Cause we feel out of place
(Repeat)
Cause I'm alive
Just for the night
Yeah I'm alive
Just for the night

We, we stand, as one
To feel the warm embrace
It comes, to show
That we'll be alright

So hold on, hold on
To your pride
Take it all, take it all
In your stride

Cause we feel out of place
And you seem out of shape
Cause we feel out of place
(Repeat)
Cause I'm alive
Just for the night
Yeah I'm alive
Just for the night

We feel (x4)

Cause we feel out of place

And you seem out of shape
Cause we feel out of place
And you seem out of shape

Cause we feel out of place (x4)
