[** feat. Musiq Soulchild:]

Hey... How are you doing, Love?*

Some don't understand
How could they understand?
They don't believe in love so
... Why would they believe in us?

When everything changed
I had you
When my life was rearranged
I had you
When I hit rock bottom babe
I had you
When I thought I'd been forgotten babe
I had you (Thank you, thank you)
When I faced all my fears
I had you
When I thought nobody cared
I had you
And that's why

[Chorus:]
Whatever you want from me
You know you got it
Whatever you need baby
You're gonna get it
You got me forever (and ever)
You got me forever

Listen... In so many ways baby
You've helped me, to grow
There are so many things love
You've helped me to know
If we did it all again baby
I'd choose... you
Cause there is no end
We're never through
And that's why...

[Repeat Chorus:]

I can feel you in my soul
Your love it always shows
I can feel you in my heart
You'll never let me down

Together we'll grow up

Higher and higher
This lifetime is not the first lifetime
This lifetime is not the last lifetime
I'll never let you down
This is a real love
A true love
And that's why...

[Repeat Chorus:]
