I drink my coke
I read the paper
I sit and listen to the 6 o'clock news
It's like the whole world's
Has gone to pieces
And we're all part of the wrecking crew

Ain't nothing so broke
We can't fix it
It just needs a little TLC
Yeah in a dry spell
What can you do but
Be the rain everybody needs

Bring on the love
I know you got in in ya
Bring on the love
And take it through the night
Drive it from California to Virginia
Ain't nothing else that's gonna make it right
So, bring on the love

Ain't no big mystery
Ain't rocket science
Don't take a genius to figure it out
A little mercy
A little kindness
Yeah baby ain't that what it's all about

Bring on the love
I know you got in in ya
Bring on the love
And take it through the night
Drive it from California to Virginia
Ain't nothing else that's gonna make it right
So, bring on the love
Bring on the love

Ooh yeah,
Alright,
Ooh yeah,

Bring on the love
I know you got in in ya
Bring on the love and take it through the night
Drive it from California to Virginia
Ain't nothing else that's gonna make it right
So, bring on the love
Bring on the love
Bring on the love

Drive it from California to Virginia
Ain't nothing else that's gonna make it right
So, bring on the love
Bring on the love
Bring on the love
Bring on the love
Alright,
