Why do you keep fucking up?  
I've had enough this time  
You shouldn't be allowed to treat anybody that way  
Now you've crossed the line  
I've seen it all before

I haven't seen you in weeks,  
And I see that you're crying  
Watch the tears roll down your cheeks,  
And I can tell that you're lying

The smell you left on my shirt is still there  
I've washed it a million times  
It won't come out but I don't care,  
It'll just sit in my closet

I haven't seen you in weeks,  
And I see that you're crying  
Watch the tears roll down your cheeks,  
And I can tell that you're lying

Don't call,  
I've got nothing to say,  
And think things would be ok  
This is the last well speak of this,  
My ears are so sore from the yelling  
I don't care what you have to say,  
I don't want to hear it  
Tomorrow I'll sleep in till noon,  
And go on with my life without you  
Second chances,  
Awkward glances,  
Time to let go  
I don't know just what I know,  
But I know this is over
