

## A Skylit Drive

### "Blindman's Holiday"

Visit "[Blindman's Holiday](#)" on [MotoLyrics.com](http://MotoLyrics.com)

If i could just get out of this town...  
Aurora, she can't ignore me now  
And i know that you've got a lot of heart to pass around  
But i've done a lot of things that you won't ever read  
In your books and all your magazines  
I've seen a lot of places you will never see  
Sitting there on your bed desolate daydreaming

You gotta keep your wheels steady racing a blindman's  
holiday  
You gotta keep the even-tides moving on  
Cause even with windows down and the warm air in  
I still hear our songs. sweet stereo, it's driving me  
crazy  
But "kinda crazy" is the mood i'm in  
For now the gloves are off  
I've softly spoken every word  
But i still hear our songs. sweet stereo, it's driving me  
crazy  
But "kinda crazy" is the mood i'm in for now

So take a seat for another round  
The cold air just can't ignore me now  
Just fall asleep and await the sounds  
They're screaming in my head  
But do i ever stop to think when you're all alone  
You just close your eyes and you think of me?  
Do i ever stop to think that i was wrong all along?  
Not a chance in hell, such a wishful dream.

You gotta keep your wheels steady racing a blindman's  
holiday  
You gotta keep the even-tides moving on  
Cause even with windows down and the warm air in  
I still hear our songs. sweet stereo, it's driving me  
crazy  
But "kinda crazy" is the mood i'm in

Foot to the floorboard  
Just ten more miles til we hit the shore and i'm  
daydreaming

But don't stop cause it's driving me crazy [2x]

Cause even with windows down and the warm air in  
I still hear our songs. sweet stereo, it's driving me  
crazy

But "kinda crazy" is the mood i'm in

For now the gloves are off

I've softly spoken every word

But i still hear our songs. sweet stereo, it's driving me  
crazy

But "kinda crazy" is the mood i'm in for now

The gloves are off

I've softly spoken every word

But i still hear our songs. sweet stereo, it's driving me  
crazy

But "kinda crazy" is the mood i'm in for now
