The Fallen

Rise!
A fire burns within me
Never ending
Keeps me close enough
The quickness kills the cold in us
We see the shit you do
I'll never be like you
You'll never follow through
Let's make our move
Destroy them all

You are so hollow, empty and cold
Will you follow even if I'm fallen?

Give it up
We're not giving up
We're not afraid of what consumes you
The quickness kills the cold in us
Destroy them all

You are so hollow, empty and cold
Will you follow?
Follow me under
You won't bury me
Not this time
The fallen
You won't bury me
Not this time
The fallen

We will rise again
We believe we were meant for something more
Rise
We believe we are meant for something more
What's left to fight for?

You are so hollow, empty and cold
Will you follow even if I'm fallen?
You are so hollow, empty and cold
Will you follow?

Follow me under
You won't bury me
Not this time
The fallen
You won't bury me
Not this time
The fallen
You won't bury me
You won't bury me
You won't bury me
Not this time
The fallen

You won't bury me
Not this time
The Fallen
You won't bury me
Not this time
The Fallen
