I need to be strong.  
Oh, I won't forget you.  
I need to be strong.  
Oh, I won't forget you.

Let me take this time to ask you, inform you  
With things you didn't know  
I'm sorry I can't be the cure for your life  
Through fights and disagreements,  
You were always by my side  
And I feel sorry, it won't go away.

Still alive;  
Come down when you fill your lungs.

Here is where I said the things I loved  
I could have never said  
Here is where I said the things I loved  
I could have never said

I need to be strong  
Oh, I won't forget you  
I need to be strong  
Oh, I won't forget you

Handling the things I promised  
Mixed in with the roses that were pressed against the  
case that holds,  
The case that holds your life.  
And I'll take care of her,  
And I'll take care of everything from what you left  
behind  
That keeps you

Still alive;  
Come down when you fill your lungs

Life spend without the rain  
Memory.  
You will always be my memory.  
You will be  
Memory.

You will be the rain.

The past, the love, the memories.

The past, the love, the memories.
