### "I Can I will"

Visit "[I Can I will](#)" on [MotoLyrics.com](https://MotoLyrics.com)

I can I will before the thrill  
I can I will watch you be still  
So what's the world going on about  
So what's the world going on about

You can do that to me again  
And we can be the king and queen of things  
So what's the world going on about

And he knows the nights  
Like she knows the days  
And he knows the nights  
Like she knows the days

We're just a blip a blot of sorts  
And I have changed but stayed the same  
So what's the world going on about  
So what's the world going on about

(Chorus)

I can I will take home this thrill  
And we will trip on Lemsip  
So what's the world going on about  
So what's the world going on about

(Repeat Chorus)
