(Verse 1)

You know, I know it's gonna be good girl  
I can feel your water streaming down all around  
Here's my love, am I qualified in your eyes?  
I can feel myself deeper, deeper inside (pushin' in yo  
body)  
Ohhhhh....lay you by my side I'll let you light my fire I can  
see it in your  
eyes

(Chorus x2)

Sho' feels damn good to me  
When I'm pushin' inside of you (pushin' inside you)  
Can't explain the way it feels  
All I wanna do is be wit' you (all I wanna do is be wit'  
you)

(Verse 2)

Okay, enough of that four play  
Somethings telling me that  
Your body's soaking wet  
So, here's my love, am I qualified in your eyes?  
I can feel myself deeper, deeper inside (pushin' in your  
body)  
Ohhhh..lay you by my side  
I'll let you light my fire  
I can see it in your eyes

(Chorus x2)

Ummm...it's gonna be good girl Let's go all night, all  
night  
La da da, la da da, la da da, laaaaaa

[Chorus till end]
