Please don't go away  
I need you, my friend, stay  
In all these troubled times  
You've brought me peace of mind  
It breaks my heart  
It breaks my heart to see you go  
And in this darkened world  
You've been my hidden pearl  
And in the light of day  
You put the sun to shame  
It breaks my heart it breaks my heart to see you go  
And i know that i have failed you  
Sometimes i feel like that's all i do  
But let the fading day remind you  
That's there's somebody thinking of you
