You've got a way of knowing when I need you more
than anything you've said,
You make your way across the room while I pull myself
away from you,
That single night we swore we'd never complicate a
thing (complicate a thing),
Now I know I've gotten under your skin, please don't
make it this way,

You were my last night girl,
She's only a memory,
I wanted this now,
Now you don't want my sympathy,
My last night girl better wake up, wake up,
And get off the bed like this beating in my head,

I never should've lied to you, you've got every reason
just to hate me,
But I just can't help myself, I'm such a cynic now, how
can you blame me?

That single night we swore we'd never complicate a
thing (complicate a thing),
Now I know I've gotten under your skin, please don't
make it this way,

You were my last night girl,
She's only a memory,
I wanted this now,
Now you don't want my sympathy,
My last night girl better wake up, wake up,
And get off the bed like this beating in my head,
You were my last night girl,
She's only a memory,
I wanted this now,
Now you don't want my sympathy,
My last night girl better wake up, wake up,
And get off the bed like this beating in my head,

I never should've taken this so far,
We were invincible for one night, that's all,

You were my last night girl,
She's only a memory,
I wanted this now,
Now you don't want my sympathy,
My last night girl better wake up, wake up,
And get off the bed like this beating in my head,
You were my last night girl,
She's only a memory,
I wanted this now,
Now you don't want my sympathy,
My last night girl better wake up, wake up,
And get off the bed like this beating in my head,

You were my last night girl,
I wanted this now,
My last night girl better wake up, wake up,
You were my last night girl,
I wanted this now,
My last night girl better wake up, wake up now
