Broken thoughts and empty words that always light the way,  
To your door, another day you're begging me to stay  
Crossing county lines, running state wide,  
We won't look back, we can't look back,  
Just roll with what we've got,

We are who, who we are,  
We won't hear a word they say,  
(Wont stop moving, we can't stop moving,  
Bring your body close to mine,  
I'm barely asking for a sign,  
(We won't stop moving, no we can't stop moving)

These are the last lines I'll ever right,  
So we'll hold on tight before they're gone now,  
We'll show them who we are, and what we do, and how  
we get this shit done,  
Hey, just hold on, We wont let go,  
Sing it loud, and make it work, you'll never get another  
chance to make  
This heard,

We are who, who we are,  
We won't hear a word they say,  
(Wont stop moving, we can't stop moving,  
Bring your body close to mine,  
I'm barely asking for a sign,  
(We won't stop moving, no we can't stop moving)  
This time  
Just make me one promise,  
That you'll never break,  
It's alright, please don't hide, we'll make it out okay,

Just make me one promise,  
That you'll never break,  
It's alright, please don't hide we'll make it out okay,  
Just make me one promise,  
We're on top of the world,  
It's alright, please don't hide we'll make it out okay,

We are who, who we are,  
We won't hear a word they say,  
(Wont stop moving, we can't stop moving,  
Bring your body close to mine,  
I'm barely asking for a sign,  
(We won't stop moving, no we can't stop moving)  
This time
