Oh satellite above
[Where are you?]
So many things I have to tell you of
[Please come back soon]
You went through an open door
Or a hole in the floor
You vanished and I can't see you anymore

[Chorus:]
Dreams never die
When we sleep
Leave the open sky
And the deep
Shades over head

Of blue and red
Is this the end?
Will you come back again?

I searched beyond the clouds
[Are you there?]
I walked sadly onward through the crowds
[Alone somewhere]
I saw beyond the blur
To right where you were
And I beheld the sight so pure

[Chorus]
