Farewell nightmares I am free
Welcome streams of sweet dreams
That settles over me

What lies out there?
No one knows
The tide could bring in anything
So steady as she goes
Steady as she goes

I can feel her
As I lie awake
But she's back home
Still waiting alone
When morning breaks

Post war novels
Keep us alive
And I know she'll be dying to see me
When I arrive

Hey dear sister
How are you
I've long to see you ever since you made your stage
debut
We always knew you would be
The most angelic actress this dramatic world would
see
And the critics do agree

Several states lines
Keep us apart
And don't lose sleep
Cuz I'll always keep you in my heart

Crashing white caps
Keep us alive
And she knows I'll be dying to see her the next time I
arrive

What lies out there?
No one knows

The tide could bring in anything
So steady as she goes
Steady as she goes
Steady as she goes
