Take me somewhere nice.  
To some tired island,  
In your heart,  
Called Paradise.

Though we wander home  
We both feel alone  
Like escapees  
With no where to go.

I can think of  
A thousand ways.  
To get good and lost  
Beyond these hopeless days..

Where we'll rendezvous  
Out of the blue  
And take a deep breath  
Just we two

And we'll be so far gone  
The oars will row on  
And we will happily wave..  
So long..

If we hook a dream  
And it tows it back down  
This open stream  
We'll say hello  
Oh, Oh  
Take us wherever you go.  
Take me somewhere deep.  
'Cause i'm quite exhausted  
And I need to sleep  
Or climb the great divide  
Or wake up beside myself  
Just to know I'm alive.

(?)  
Pays me a visit  
And drags my islands down.  
They sting like growing pains

Iced in the veins of a guy  
Who's not ready to die

If I may be so bold  
I'll weather the cold.  
'Cause i'm not afraid to grow old..

If we hook a dream  
And it tows it back down  
This open stream  
We'll say hello  
Oh, Oh  
Take us wherever you go..
