[Intro: Cappadonna] Yeah, man, the fire is the purification I spit... energy.. no matter what happen yo, I gotta spit Uh oh and I'mma do it for the team, I'mma spit... [Cappadonna] Aiyo, I spit fire at you dudes until the die I retire I'm doing this for my family, so that we can transpire And reach limits that exceed doubt, yeah we can do this But we gotta get up off this murder route I'm on the block, momma love on the couch And the pain is unbearable, the way streets keep steering you In the wrong direction, I'mma need more thugs around you and more protection And you still guessing, you don't know what life is about yet I study and work hard for the set, I'm proud to be a doc I'm not done, my mouth's like a tech, women wit me in the stretch And the five burns from the way a man rep Fire that'll burn at a man chest, energy that [Chorus 2X: Cappadonna (sample) w/ ad-libs] I spit (fire) You know I spit (fire) [Masta Killa] I'm sweet flowing river, mathematics be the wisdom Compound and we elements of sound, transmitted Through the system of engineering, technology allows me to transform Words to sight, light is written In five hundred seconds, since bitten and recited A million black men united, from Shaolin Medina heard the warrior call, we were everywhere Already cocked and ready, one thought blew 'em off the planet He can't stand it, head rocking, stadium shit You know the champion, multiple armed subjects Revolutionary techniques, please don't disrespect the projects This is for the babies, and I don't want to have, get ignorant and clap you For nothing, we suppose to be brother and I other than self It's the best part that sparks all things Fire is in heavy rotation, all saying [Chorus 2X]
