Verse 1:

Summer days  
wishing off distance that kept me away,  
don't stay low  
Seeing uphill  
get to the moving  
don't be still  
don't stay low

Summer nights  
some are the best of them, others not quite  
don't stay low  
follow closely  
hear what sits between your neck and your jeans  
don't stay low

Chorus:

Oh leave your mistake in the doorway  
give us a sign that you've seen what you've done  
and look for the sun  
and lift up your head  
don't say low, don't stay low  
no just pick yourself up and go on

Verse 2:

If you take  
this battle on there'll be blood in your way  
rattle on  
just to say  
if you shot out the legs, would you shatter the table  
we run  
you can stay low

Chorus:

Leave your mistake in the doorway  
give us a sign that you've seen what you've done  
and look for the sun  
and lift up your head  
don't say low, don't stay low  
no just pick yourself  
Oh

Leave your mistake in the doorway  
give us a sign that you've seen what you've done  
and look for the sun  
and lift up your head  
don't say low, don't stay low  
no just pick yourself up and go on
