I WITNESS. I couldn't see the truth in a world of lies. 'Til  
I felt your grace  
And the scales fell of my eyes. The time is now, don't  
let it slip away. The  
Choice is yours. The choice is yours to make. The time  
is now, don't let it  
Slip away. The choice is yours. The choice is yours to  
make. The time has come  
To rise again. The time has come to stand our ground.  
The time has come to take  
Our lives back. The time has come, THE TIME IS NOW.  
No weapon formed against  
Us. No weapon formed against us. No weapon formed  
against us. No, no, no weapon  
Formed against us. WITNESS. I couldn't see the truth in  
a world of lies. 'Til I  
Felt your grace and the scales fell of my eyes. The time  
is now, don't let it  
Slip away. The choice is yours. The choice is yours to  
make. The time is now,  
Don't let it slip away. The choice is yours. The choice is  
yours to make. The  
Time has come to rise again. The time has come to  
stand our ground. The time  
Has come to take our lives back. The time has come,  
THE TIME IS NOW.
