

The Great Commission

"Of War"

There is a calling on this generation to step into destiny
and fulfill it. To
Bring light into dark places. To spread truth in a culture
of lies. The Most
High has chosen the underground. A generation of lost
and broken youth. To rise
Up from death and from sleep. To fulfill the Great
Commission. And to make a
Declaration of war on this world. We will be the culture
that is not imprisoned
By four walls of a church. Or any religious doctrine. But
we will stand with
The authority of the Kingdom. We will walk in the
authority of the Spirit. The
Blind will see. The deaf will hear. The sick will be
healed. The Gospel will be
Preached. The dead will be raised. And the broken will
become whole again.
