God exists 360 degrees  
Like unsolved mysteries your mind's tortured by  
demonic beast  
It's so fatal no instrumental they hit your central  
nervous system  
You die without a funeral for real  
My eyes still exist with a terror  
Living without the guide of my father  
Everyday is like a war we're going through  
Agent orange man yo is coming after you  
So get cut like ninja movie with a drama  
All the way from Hong Kong straight up to China  
Who needs yah chigidycheck with the mistah  
The devil talkin on the fuckin speaker  
You lay back you push back you turn back you pull back  
Save the fuckin day like yo master kojak  
As the clock tigiditac you be runnin like a maniac  
You be talking shit up  
Well I just think you suck

[Chorus]

Agent Orange get up get up get up  
Agent Orange come up come up come up  
Agent Orange get up get up get up  
Agent Orange you gotta get up yo  
Agent Orange get up get up get up  
Agent Orange come up come up come up

Agent Orange get up get up get up

You gotta get up yo  
It's the year 99 come and don't waste time  
I'm just a young man oh boy spittin rhymes  
I shine the pain's penetrating to my spine  
Unexplainable it can't be defined  
They're hating me stabbing me playing me  
Still I deal with the hate of the enemy  
I'm hunted by fear when you speak and you mimic  
Terrorize my mind like I'm Johnny Mnemonic  
Explode like atomic deadly with the technic  
Dance to a song even though without the music

So diggidy slide diggidy jump watch the way I flow  
We all gonna die if you mess with the crow  
So get victimized when you close your eyes  
Hit one two and you mesmerize  
Surprise I never tell you lies muthafucka rise  
Before they televise get wise

[Chorus]

I close my eyes, I close my mind, and still I burn inside  
[4x]  
Look away, look away, and still I burn inside [4x]
