Fuck you,,

Muthaf***er wanna be
A clown of the town ah
Bow down get ready
For another round
Turn me up
I'm fed up with
Your sh*t yeah
F*** that sh*t
I never wanna quit
I never wanna
Split this joint
With my microphone
I got to turn psycho
When I'm all alone
I got to take the zone
Like I'm Al Capone
Yeah what now
Never leave your dog a bone
Life is a beautiful thing uh-huh
One mistake another pain
That it brings
So love is like a song
That you sing
They go together like
A queen and a king
So where you
Gonna run, huh?
Where you gonna hide yeah
Every minute every second
I'll be f***in'
With your mind
Break it down
Now you better think
Everything in this world
Will just make you sink
So call me a freak
Yeah tell me I'm sick
I don't give a f***
Suck my d*ck
I rock those

Who take blows
Everyone knows
That life what
It's just the way
That it goes
CHORUS:
F*** you
And shake
What momma gave you
F*** you
You gotta do
What you gotta do
(x4)
Falling away
I've been falling away
I want to say
Get the f*** out
Of my way
(x2)

Let it rip you
'Cause I'm coming through
I'm speaking all the words
That are right for you
I die for you
'Cause I fight for you
But you never give a f***
So I lie to you
I'm the lyricist
So don't mess with this
Yo burn this place
Like an arsonist
I come like this
Do I make you twist yo
Never talk peace
When you can't resist
So let me take you
To another level
Like a rebel advocated
By thousands of devils
Kill this, kill that
F*** this, f*** that
Too many people dying
Motherf***er better stop that
I ignite like a fuse when
I turn on the news
Too many
F***ed up motherf***ers
Try to use and abuse
Nobody wins
Everybody will lose

Never turn your back
You gotta pay your dues
So what

Repeat chorus
