Drop this sh*t when
I smoke then I get ill
I got the muthaf***in' rhyme
Getting burn like a grill
Kiss your as* goodbye
When I get so high
I feel like I could fly
Can I die?
Dyin' I'm not dying
I'm gonna keep on
Goin' and going
Until the muthaf***ers
F*** with me
I want to sing but
You don't even know
All the pain I bring
So boom I blast you
You can take it for free
You get high
With your crew
And your enemy
Blue I see blue and white
I'll be like Mike Tyson
When it's time to take fight
I see you I say yeah
Throw yo hands in the air
CHORUS:
Don't you fade away
I get high like everyday

Drop this sh*t
You never stop
You never quit
Wind below your feet
I got my head
Hangin' underneath
All the way
I'll take yah you
Burnin' like fire
Hold it back down
I'll be your messiah
These black clouds

Over me
I feel like dyin' in
A kung-fu movie
Like my man Bruce Lee
No time for the wannabe
This is my last bit
Of energy left
Can't you see?

Repeat chorus

High times
I feel so fine
Stiggidy booms
Gonna make you high
(x4)

High times
I feel so fine
Stiggidy booms
Gonna make you high
(x4)

Repeat chorus
