You muthafucker better come up  
We're comin' back yo  
Straight to ya face  
We're comin' back yo  
Straight to ya face  
You gotta come up (3x)  
Shed your skin like a snake  
You're nuthin but a wannabe boy you're a fake  
You're asking for a one now you're asking for a three  
You better drop that coz that style's not for me  
When I'm not visible you stab my back  
Now you got news with a boom with a shack  
You look like Peewee Herman burnout on crack  
You said you're pretty cool but I think you suck  
Chorus:  
Tell me now all your reasons before you fade away  
Try to play with the system I'm sure you never care  
You can never see so come play with me  
Boy you gonna burn  
Boy you gonna burn  
Boy you gonna burn  
Boy you gonna burn (2x)  
Go away, go away  
I make you blue  
Every time I come through like a glue I stick to you  
I don't even care about your crew  
I'm always high like Bob Marley  
I hate all those who hate me  
I'll leave all your fuckin ashes in the cemetery  
One day I will fly like a butterfly  
I will glide I will fly right in your sky  
I feel everything is clear  
Time to take away your fear

Repeat Chorus:

Watch your back when I come so slow hey yo  
You know I hate to see you go  
I'm tired of this I'm tired of that  
Just hold on to your seat I'm gonna show you what I got  
Where you at where you gonna be  
I wanna see you movin' as you dance with your enemy  
You and me are about to see disaster is coming like

John F. Kennedy  
You can never see so come play with me  
Boy you gonna burn  
Boy you gonna burn  
Boy you gonna burn  
Boy you gonna burn (2x)  
Go away go away plea
