Turning slowly and spinning around
got me open to a high new sound.
Into my realm fill my sorrow, if you are real, then ill
follow

I can never be without you
I will hold to and never doubt you
come much closer so I can feel you,
thats all im asking,
now that I've found you.

You think you understand, If i lose my mind
I was thinkin' there'll be a time sometimes
If you walk away, got a lot to say, oh how much it kills
me, everything.

I'm nearing our space, wasting our time.
Kindly solice, to free up my mind.
Give inside you, with good intention
all i need now is your obsession.

I can never be without you
I will hold to and never doubt you
come much closer so I can feel you,
thats all im asking,
now that I've found you.

You think you understand, If i lose my mind
I was thinkin' there'll be a time sometimes
If you walk away, got a lot to say, oh how much it kills
me, everything.

Everything....
Everything....
Everything....

heal my wound,
so wild the emotions from in deep inside my soul.
No time to walk away no reason for me to stay.
Up this place of woe.

And heal my wounds,

so wild the emotions from in deep inside my soul.
No time to walk away no reason for me to stay.
Up this place and let me go.

You think you understand, If i lose my mind
I was thinkin' there'll be a time sometime
If you walk away, got a lot to say, oh how much it kills
me, everything.

Everything...
Everthing...
Everthing...
