I gave in, when you gave out

You showed me the way, to love

Theyre aint no doubt

Always together, and never apart

Disappeared didn't say a word

I slept right through, guess I never heard

Now I'm awake, but I wish I was dreamin

Everyday, without you in my arms

Everyday, I was fallin apart

And I know you know I'm thinking bout you

Everyday

I woke up, and you were gone

Just one night without you, is too long

Sleeping with the ghost of you

Dying with or without you

Don't wanna be this way tommorow

Everyday, without you in my arms

Everyday, I was fallin apart

And I know you know I'm thinking bout you

Everyday

Don't know what you got till youre gone

Everyday, without you in my arms

Everyday, I was fallin apart

And I know you know I'm thinking bout you

Everyday, till I see you again

Everyday, I wont try to pretend

And I know you know I'm thinking bout you

Outta my head all the days are confused

I'm lost, but its you that I don't want to lose

As long as were here to endear ourselves to each other
