Are you lying down?
Are you giving in?
Should I turn around?
Then are you ready to begin?

Why can't you look the blaze
Long enough to see the faces
Of the children in the flames?

I've had enough of giving up
I've been alive and learnt a lot
It doesn't make the image stop

Too deep I'm drowning
Still treading water just to breathe
Walk through those mindfields
To get to the start

I'm trying to find the hero inside me
And I'm trying to find the strength to start the day
I'm trying to find my halo
So I can let you know that it's me
Believe

Somehow I pull myself together
Ready to brawl and...
Go head to head with the doubt
That's invading my soul - And I'm out

Help me I'm crawling
Uphill through razors just to see
My eyes will witnesses
Our plane of defeat

I'm trying to find the hero inside me
And I'm trying to find the strength to start the day
I'm trying to find my halo
So I can let you know that it's me
Believe

The words that you say

Don't mean much to me
And the side that you chose
Will never find a way...

The words that you say
Don't mean much to me
And it's the lies that you serve
That will never find a way...
Through

I'm trying to find the hero inside me
And I'm trying to find the strength to start the day
I'm trying to find my halo
So I can let you know that it's me
Believe

I'm trying to find the hero inside me
So I can find the strength to start the day
I'm trying to find my halo
So I can let you know that it's me
Believe

Try to find my hero...
