I can get a record player,
And a generator
Generate the music
That makes you feel better.
I don't live in poverty,
I got a little bit of money
And i've got a healthy body
I'm not going to let stuff get me upset
And i wont let all the little things
Get me depressed.

When i was a young boy i got a stereo
And i taped all the songs straight off the radio.
The sounds that the bands made
And the melodies is all i need
To make me feel free.

Sometimes you get so low,
You don't know why,
Or a little upset all inside
May i remind you?
That you don't live in poverty,
You got your youth
And you got food in your belly.

I can get a record player
And a generator
Generate the music
That makes you feel better.
I can get a record player,
And a generator
Generate the music
That makes you feel better.
I don't live in poverty
I got a little bit of money
And i've got a healthy body
I'm not going to let stuff get me upset
And i wont let all the little things
Get me depressed.

When i was a young boy

I got a stereo and i taped all the songs
Straight off the radio.
The sounds that the bands made
And the melodies is all i need
To make me feel free.

Sometimes you get so low
You don't know why
And you get a little unsettled inside
May i remind you?
That you don't live in poverty,
You got your youth,
And you got a roof over your head.

I can get a record player,
And a generator
Generate the music
That makes you feel better.
I can get a record player
And a generator
Generate the music
That makes you feel better.
I'll set up a record player
And a generator
Generate the music
That makes you feel better.
I can get a record player
And a generator
Generate the music
That makes you feel better
I can get a record player
And a generator
Generate the music
That makes you feel better
I can get a record player
And a generator.
Generate the music
That makes you feel better
