Hello, I found a stitch to wear and came out tonight
But everybody looks at me like come kind of tramp
Coz i, i wear these holy jeans well heaven forbid
And send an angel coz i need somebody tonight,
somebody tonight

Well i can't really dance but baby won't you dance with
me
And if you want to take a chance then baby take a
chance on me
We're we gonna go, we're we gonna go, we're we
gonna go
At the end of the night?
I don't care, and i don't mind
As long as you keep holding me tight

Every night all the boys and girls are busy saying
alright
I know i know your face but ive forgotten your name,
again!
I blame the alcohol that swims round my brain
I need a drink because i need some joy in my life
I need joy in my life
Wont you take my hand, don't you let me go
Coz i need some joy in my life i need joy in my life

Well i can't really dance but baby won't you dance with
me
And if you want to take a chance then baby take a
chance on me
We're we gonna go, we're we gonna go, we're we
gonna go
At the end of the night?
I don't care, and i don't mind
As long as you keep holding me tight

Ive got your nuber, i'll call you up some time
And if you'd like to-o-o
Say that you'll be mine
I would like to see you again sometime

Well i can't really dance but baby won't you dance with
me
And if you want to take a chance then baby take a
chance on me
We're we gonna go, we're we gonna go, we're we
gonna go
At the end of the night?
I don't care, and i don't mind
As long as you keep holding me tight
