War between brothers fighting each against other  
Blood will run soon, the story repeats over and over

Sons of same father, bringer of pain  
Cursed lineage near to an end  
Bastard offspring educated in hate, no hope for them  
Defiance are their blades

Sons of same father, bringer of pain  
Cursed lineage near to an end  
Forgotten in heaven, kings on earth  
No time for redemption, just pure living hell

Bred to apostatize  
Baptized in blood

Opening the eyes of the skeptic  
Destroying the dogmas of this deceived world  
Opening the eyes of the skeptic  
Destroying the dogmas of this deceived world
