I will make you see the stars,
Far beyond the sun and mars.
If only you could wait, if only you could see.
If I only had the time, then I would be as, I would be

I'm the greatest of them all
The loser standing small
'Cause you just wait and see
Watch when I become me
Just better than before
You couldn't ask for more
I'm all I want to be
I'm more than you can see

I still wonder where you are.
Fate, it didn't take us far.
I never had a chance to show you who I am.
If only you were here, then I would be as, I would be

I'm the greatest of them all
The loser standing small
'Cause you just wait and see
Watch when I become me
Just better than before
You couldn't ask for more
I'm all I want to be
I'm more than you can see

Oh, I've never felt this good about myself.
Look at me, how I shine.
You never knew too much about me,
never seen this side of me.
This is me, look at me

I'm the greatest of them all
The loser standing small
'Cause you just wait and see
Watch when I become me
Just better than before
You couldn't ask for more
I'm all I want to be

I'm more than you can see

I'm the greatest of them all
The loser standing small
'Cause you just wait and see
Watch when I become me
Just better than before
You couldn't ask for more
I'm all I want to be
I'm more than you can see

Watch when I become me
