You were cool a second ago  
But now the water turns to steam  
The lowered voice you had before  
Has risen to a scream  
But now the water turns to ice  
And you walk away from us  
One minute your as calm as can be  
But the next you make a fuss

You don't know what you do  
You don't know what you say  
You don't know how to keep  
Your emotions at bay

You don't know what you do  
You don't know what you say  
You don't know how to keep  
Your emotions at bay

Your moods are always swinging  
From the left to the right  
One minute out of nowhere  
You try to start a fight  
You'd better get your acts together  
Or you'll be out of luck  
Sitting around and fuming  
Is where you'll be stuck

You don't know what you do  
You don't know what you say  
You don't know how to keep  
Your emotions at bay

You don't know what you do  
You don't know what you say  
You don't know how to keep  
Your emotions at bay

Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall

Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall

You don't know what you do  
You don't know what you say  
You don't know how to keep  
Your emotions at bay

You don't know what you do  
You don't know what you say  
You don't know how to keep  
Your emotions at bay

Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall  
Rise and fall
