What's the worst you could feel and you only need a
friend

But you say, it isn't me

What's the best time we've had

it's the best I ever had

Still you say, it isn't me

You've got ideas in your head

of someone you could talk to

someone that's forever

And though you've told me twice before

not to count on nothing

My foot is in the door Watch the time flying by

I guess you'll stay over again

But I won't kid myself, it isn't me

Cause in the morning

when you leave

you won't know I never slept

Cause you were dreaming

No, it isn't me

You've got ideas in your head

of someone you could talk to

and maybe that's forever

And so you told me twice before

And yeah, that's right I'm counting, counting on

My foot is in the door

Just tell me that you're sure

Just tell me that you're sure

That I mean nothing to you

Tell me that your sure

Tell me that your sure

That I mean nothing to you

Don't you think that it's time you admit it to yourself

Maybe I know you better than you care to know yourself

Don't you think that it's time you admit it to yourself

(admitted to yourself)

Ohhh

What's the point for us to talk anymore?

What's the point when there's only something wrong

Maybe this time

If you're crying
Maybe this time
Someone's lying
Maybe this time
Maybe this time
It isn't me
