

Color Red, The "For Anyone"

Visit "[For Anyone](#)" on MotoLyrics.com

I'll take my time, for anyone
I'll seem alright, to anyone
I don't mean to be so clean
But i'll take my time for anyone

Still we stay
(You were shot down) Please don't be so mean x2

I'll take my time, for anyone
Trade in my life, for anyone
I don't think I feel anything
But I will in time, for anyone

Still we stay
(You were shot down) Please don't be so mean x3
Any way that you would want it

Shot down x2
I could feel it also in between

I'll take my time, for anyone
And i'll do a line, for anyone
I don't mean to be so clean
But i'll take my time, for anyone

Still we stay
(You were shot down) Please don't be so mean x3
Any way that you would want it

Shot down x2
