Hey, what you doin' out there
Did you tumble down and burn out in the fire
You ain't going nowhere
Stay with me now, let's get higher and higher

I, dead broke and blue take a look
No I ain't no rose
We, just you and me
Got a little tied up and now I'm indisposed

Keep it going, once it's started
Share a ride with everybody

Life
Such a sweet, sweet drug
Complete my world
Come and make me numb

He, had a seven year itch
Losin' and scratchin' himself
She, was a complicated bitch
She'll fuck with your mind
Put your balls on a shelf

Keep it going, once it's started
Share the ride with everybody

Life
Such a sweet, sweet drug
Complete my world
Come and make me numb

Now at this moment I can feel the ecstasy
Live the life you're given, Leave the bag with me,
please

(Solo)

Life
What a sweet, sweet drug
Come on come on and complete my world
Come and make me numb

Listen everybody

Life

Baby, What a sweet, sweet drug

Baby, complete my world

Come and make me numb

Oh, Life

Sweet, sweet drug

Complete my world

Wanna make me numb
