Lower than the bottom
Swallowed by the ride
Floating in the bathtub
Children play outside

So tell me how to do it?
How to do what I'm gonna do?
How to keep the knife from inside of you?
Baby, now you're lower too

You looked so unhappy
Squatting in some stall
And it gets even better
When all the lights are off

So tell me how to do it?
How to do what I'm gonna do?
How to keep the life inside of you?
Baby, now you're lower too

What were you really thinkin'?
What did you need?
'Cause all those wounds forever bleed

Drink me, it's a nightmare
It's the needle in your veins

So tell me how to do it?
How to do what I'm gonna do?
How to keep the knife from inside of you?
Baby, now you're lower too

Tell me how to do it?
How to do what I'm gonna do?
How to keep the life inside of you?
Baby, now you're lower too

Burning every memory
It's gonna eat your insides out
And throw it out on me
Struggling, Heaven, help you
Staring down the barrel of your own gun

And now you're lower too
