Here we are alone now  
Just you and me  
Down the halls we waltz  
Your end is in my dreams

I wanna be like him, he had a dreadful life  
I wanna learn to shoot, I want to use a knife  
I like the smell of fear that makes you paralyzed  
I am the boy next door who put that fear in your eyes

I hope you can leave all this for yourself  
I'll be your slave and then dig your grave  
While we're makin' love, I dream revolver

They say I'm crazy, falling apart  
Do you like the way I murdered your heart  
I'm smart and cagey, I come in the night  
If you let me in, you'll give up your life

He like to roll in the mud, up to his chin  
Now I open my head and let his voodoo in  
I rode those sissy bars all the way to hell  
Sweet mother justice, I've heard it all  
There's nothing left to tell

I hope you didn't need all this for yourself  
And the man with the star says he knows you are  
But I just keep singin' la dee dee dah

They say I'm crazy, falling apart  
Do you like the way I murdered your heart  
I'm smart and cagey, I come in the night  
If you let me in, you'll give up your life

Boom, boom, bang, bang screams in the dark  
If you let him in, he'll murder your heart  
Boom, boom, bang, bang screams in the dark  
If you let him in, he'll murder your heart

He's not the man you see at home  
He's someone else inside  
His life's no longer his own

He's someone else inside

Creepin' up when you're alone  
And now he stands inside  
He wants to take you to hell  
But for him it's heaven

Sorry to say but you're not the only one  
You're not the lonely one that turned my light on  
While I'll turned yours off
