Well come on everybody
Are you feeling good
'Cause you know about to let it kick in
So pick your poison and an attitude
Come on and let the party begin
Party child ooh yeah

You're so dangerous It's so dangerous
All night long
You're so dangerous....dangerous....come on.....yeah

Well I'm.....
livin' easy in a body dream
Ain't nobody ever gonna slow me down
Rock & Roll
it's a one way street
That's where me and the boys can be found
Raise 'em up
ooooh Raise 'em up

You're so dangerous It's so dangerous
All night long
You're so dangerous..... dangerous come on
