(Mark Slaughter, Dana Strum)

Take it to the limit it's so good to be alive

Send out an all points bulletin and join the rocket ride

Because I'm gone. . .I'm gone, gone, gone, gone, gone

I've got the pedal to the medal

And I hope to see you soon

I've got so much testosterone I'm blowin' up the room

Because I'm gone. . .I'm gone, gone, gone, gone, gone

[CHORUS]

Can't you see no pain no gain

Runnin' around inside my brain

Everybody come along

Because I'm gone, gone, gone, gone, gone

[CHORUS]
