Monsters, in my head  
Monsters, in my head

What if I told you I wake up screamin and swingin,  
dreamin that I'm fightin  
Demons  
Dreamin I'm swingin on heathens, competin and  
schemin  
To eat every piece of my peace when I'm sleepin, need  
a priest and a deacon  
I'm speakin to preachers, tell 'em I'm only at peace  
when I'm drinkin  
I'm sinkin deep into hell thinkin I'm fiendin for freedom  
Cause bein in a well isn't good for my well-bein  
A walkin zombie I be comatose  
Nobody loves a nobody who probably overdosed  
In the lobby of the Omni Hotel, probably find me with an  
empty bottle of  
Oxy  
Shakin like a earthquake's inside me or I caught the  
holy ghost  
Wonder if therapy could take care of these monsters  
Before I kill more innocent people than Jared Lee  
Loughner!  
They spit on me, shit on me, society kicked on me, hit  
on me  
'Til I was sick and exhausted, flipped and I lost it  
Off hallucinogenics, they usin a clinic, I saw Lucifer's  
image  
The elephant in the room are my skeletons in the closet

Now I lay me down to sleep, I pray the Lord my soul to  
keep  
Wake me up before I'm dead, don't bury me, with  
monsters in my head  
Monsters in my head, with monsters in my head  
And underneath the bed, underneath the bed

I always see 'em out the corner of my eye  
Scared to death to fully see 'em but I try, I just wanna  
ask 'em why

They follow me around and they reply when I hear a  
sound or they walk by  
And give me a chill I can't explain, it feels so strange, is  
that a high?  
My anxiety's at an all-time high  
One second I'm good then I flip a switch and I'm thinkin  
I might die!  
These dizzy spells are so annoyin  
From the outside lookin in y'all think I'm enjoyin myself,  
I need help man  
I'm destroyin  
Every positive force, with all these negative thoughts  
How can I find happiness when I can't remember it's  
lost?  
I do so many temporary things to smile for just a  
minute  
Hat low but not for style, I'm tryin to hide under my  
fitted  
Dawg it's wild, you wouldn't get it!  
Try my best to make e'rybody laugh, but that's just a  
disguise, I'm really  
Timid  
Somebody make these feelings go away, forget it,  
that's my problem  
Y'all go 'head - I hate these monsters in my head

Uhh, it's lights out like where the Amish stay  
Pappy you can't tax me, I'm like Wesley Snipes in the  
sovereign states  
I'm a survivin walkin oxymoron, obviously I can say  
That I am alive and I'm tryin to die this way  
Y'all on y'all faggot shit, I'm on my draggin my  
Magnum clip  
With monsters in my head like Earvin Magic Dick  
Niggaz (dessert) me like eatin after the entrÃ©e  
But I'ma keep it 3000 like after the AndrÃ©  
I've adapted to a private life, yeah right  
Me sayin that is like sayin I'm shootin dice on a floor  
made out of dice  
I made out alive this chaotic life  
I just figured just quit givin dick to trick bitches and  
stay out of fights  
But I'm on my high snortin  
You see this (Monster Ball) is like seein Halle Berry and  
Billy Bob  
Thornton  
It's FUCKIN classic! As far as rap  
I wish I could wrap it in plastic and stick it up your fuckin  
ass  
Cause, I'm a MONSTER!

Take heed to what I'm givin you, the beefin is habitual  
He just ridicules, wants me in critical, will appease and  
get rid of you  
Maybe the only thing I seek is biblical  
When the scars are internal when the bleedin is  
invisible  
Got a friend named depression, a pill I take to relax  
him  
But when he regurgitates it the aches you just couldn't  
fathom  
Got a few talents, but lookin for a new challenge  
I'll let you walk in my shoes once I find a (New Balance)  
With faith I stand peaceful, I know e'ry man's equal  
So I'm playin with the (Monstars) like a Space Jam  
sequel  
Give 'em two choices, since they don't wanna do the  
least  
They 'em they can get off my DICK, or renew the lease  
Persevere though my bed is corrupt, expect I give up  
When left to destruct, but I give less than a FUCK!  
Sit back comfortably, react to what they want with me  
The bright side is they keep an insomniac company
