Yeah, you know I'm headin' on out, gonna take a little
ride on the town
With my 350 runnin' hot, nothin's gonna bring me down
I look over and over to make sure the man's not on my
trail
So, I put my foot on the gas, hammer down to the nail

You know the weekend has arrived
Got a six gun at my side

We're gonna shake this place 'cause that's the way we
want it
Shake this place 'cause we're goin' too far
Shake this place, gonna push it to the limit
And we're never gonna stop, yeah, oh, we're gonna
shake this place

You know my juices start flowin' and your good times
start to roll
I've got my mind wide open and I'm gonna stick around
for more, oh yeah
I look over my shoulder, let me tell you what I did see,
uh huh
Two of the opposite sex, hot and nasty lookin' at me

You know the weekend has arrived
Got a six gun at my side

We're gonna shake this place 'cause that's the way we
want it
Shake this place 'cause we're goin' too far
Shake this place, gonna push it to the limit
And we're never gonna stop, yeah

Oh, round and round we go

I see the sun comin' up, put the sunglasses on my eyes
I'm gonna stay up through the day 'til the day turns
back into night

You know the weekend has arrived
I've got a six gun at my side

We're gonna shake this place 'cause that's the way we
want it
Shake this place 'cause we're goin' too far
Shake this place, gonna push it to the limit
And we're never gonna stop

Yeah, yeah, shake this place
Yeah, yeah, shake this place
Yeah, yeah, shake this place
We're gonna shake this place, alright
