"I Love You So"

You are my heaven and my desire
You always set my heart on fire
You're my dream, my only dream, Oooh oooh
I love you so

When I need you, you are around
You are the love my life has found
You're my grin, my only grin, oooh oooh
I love you so

Heavenly angel on earth
Without you life has no worth
Oh darling can you see
That our love will last for all eternity

You are my life I can't deny
Our love will grow as high as the sky
You're my love, you're my only love, oooh oooh
I love you so
