When I wake up in the morning
And I see the sun
I'm proud of my life and the things I've done
Here in America
In America

I make an honest living
By the sweat of my brow
The only way my daddy taught me how
And his daddy before him
This one's for you, Grandpa

Now these are the things that make me, me
I'm American made, that's plain to see
I love my life, my wife and my right to be free
And one more thing... I love weed

I don't relate to my fishing rod
I love weed
You just can't get much closer to God...
Now there's plenty in this world that can get me high
But I love my weed and that's no lie

I see in million miles I drove in highway
All across these beautiful USA
Well I miss my darling that's a fact
She's gonna have my baby
What you think about that?

Now these are the things that make me, me
I'm American made, that's plain to see
I love my life, my wife and my right to be free
And one more thing... I love weed

Music sounds divine
I love weed
Avatar blew my f*cking»ı mind
There was plenty in this world that could get me high
But I love my weed and that's no lie

Well, there's train wreck,

green crack, pineapple express,
white widow, white russian,
AK-47, head-band, brain-freeze,
blue dream, blue cheese, skywalker,
moonwalker, L.A. Confidential,
purple urkel, purple rain,
purple haze, purple kush, super skunk,
chocolate chunk, Alaskan thunder funk, weed!

Now these are the things that make me, me
I'm American made, that's plain to see
I love my life, my wife and my right to be free
And one more thing...
Just one more thing
I love weed

I think you realize it
We are those weed
It's time to legalize it
Now there's plenty in this world that can get me high
But I smoke my weed till the day I die
