girl you is so fine
hold you near to me
all the time
things ill do for you
would you do for me?
hold me too
gold is in your eyes
need you near to me
all the time
lord i understand
things youll do for me
do to me

girl
(girl go)
go slow
(nicely for a night just to live)
that live for you girl
(and move on)
boy
(let go)
go slow
(nicely for a night just to live)
thats been for you world
(and move on)

youre not trying
lying
you better than them
you never liked it

you better than them
oh youre not trying

you better than them
you never liked it
you better than them

girl
(girl go)
go slow

(nicely for a night just to live)
that live for you girl
(and move on)
boy
(let go)
go slow
(nicely for a night just to live)
thats been for you world
(and move on)

so when i was just a little young child
playing every day on the streets
until to someone says who the father is
there was a mother are you
speaking of the

just to understand the beats
in this wonderland world
i remember the days up in the past
time didnt matter
i remember the days up in the past
time didnt matter

girl
(girl go)
go slow
(nicely for a night just to live)
that live for you girl
(and move on)
boy
(let go)
go slow
(nicely for a night just to live)
thats been for you world
(and move on)
