This is the life, we gone  
I ain't with the leanin' and rockin'  
That ain't even seen as a option

You're nothin' without focus  
Woo, Long Beach  
(Lay your seats back)  
New Jersey  
(Turn your speakers up)  
Brooklyn

We we, we lyrical murderers  
(Detroit)  
Welcome to the Slaughterhouse  
(What you talkin 'bout?)  
Where we bring them verbal llamas out, blow

We, we, we lyrical murderers  
Man, we own these streets and the freaks they love us  
We ain't worried 'bout you fuckers  
(Slaughterhouse)

Lyrical murderer, blame Rakim  
I'm a sniper shootin' my way into your lame top 10  
Pistol at your head if I ain't next to Eminem  
Then I bust in your face like I'm fuckin' Lil' Kim

Niggards, better pray to the lyrical Lord  
That I fall off like the umbilical cord before I fill up the  
morgue  
This is how a killer record  
With the double edged triple syllable sword, I'm iller  
than all

Dineri, see I'm a literary genius  
Bury niggaz with words, a cemetery linguist  
Most rappers are comedy gold  
They like they boyfriend's sodomy hole, they full of shit

Now you could walk through the shadow of death next  
to that shady street  
Where the verbal cocaine business and 80's meet

Where them niggaz is backwards  
I'm ridin' with my daughter in the front with the A.K. in  
the baby seat

We them copycat killers, unleashin' venom  
Commit them lyrical murders and then we re-commit  
'em  
Lyrics be high quality, bitches be givin' me brain  
My dick be deep in they heads like psychology

Independently pennin' the best words that were ever  
said  
The mixture of Leatherhead and Everclear  
You can't hide, we everywhere  
Now, picture a grizzly standin' next to a teddy bear

We we, we lyrical murderers  
Welcome to the Slaughterhouse  
(What you talkin 'bout?)  
Where we bring them verbal llamas out, bloaw

We, we, we lyrical murderers  
Man, we own these streets and the freaks they love us  
We ain't worried 'bout you fuckers  
(Slaughterhouse)

Yeah, hello hip-hop, I am here  
You dyin'? Yeah, and I'm aware  
A beast so at your wake I'll cry lion's tears  
And that's no disrespect to the pioneers  
If we ain't who you tryin' to hear  
Somethin' either wrong with your eyes and ears

I came in this game screamin' Jers'  
Ain't an MC in our lane to try and merge  
Try and run with our wave  
But I'm cool with bein' Eddie Levert seein' my son on  
stage

Gun gon' blaze, act up in this joint  
And I'm a be Nate Robinson and back up the point  
Your run's over, run with us or get run over  
I'm here to save this shit and I brung soldiers

This is lyrical murder  
Me and every track have a physical merger  
When I stab it in the chest I'm a bit of a curver  
So it bleeds to death, like the middle of a unfinished  
burger

Or sometimes I wrap my hand around his throat

'Cause he think his kick is slick or his little snare is dope  
Shoot the bass in the face but sometimes I carry a rope  
To hang the piano keys when they hittin' every note

I'm what no beat's able to withstand  
If you suffer from writer's block and your label got big  
plans  
Listen to this fam, slide a little dough out that budget  
And hire the instrumental hitman

We we, we lyrical murderers  
Welcome to the Slaughterhouse  
(What you talkin 'bout?)  
Where we bring them verbal llamas out, bloaw

We, we, we lyrical murderers  
Man, we own these streets and the freaks they love us  
We ain't worried 'bout you fuckers  
(Slaughterhouse)
