My heart is like a buried treasure never found  
It was hidden deep within the ground  
With weathered cracks, this chest can't last for long

Tell me everything you know about how we make sense  
I was about this close to giving in  
On love until you turned me right around

Can't you see  
This doesn't feel like a one way street  
Our kind of love is like a rollercoaster  
Even if I had to wait forever  
I'd ride it out for love

And you're my  
My forever valentine  
Our kind of love is like a rollercoaster  
And each turn gets a little better  
We ride it out for love

Your dreams were like a compass rose that points to  
me  
So I questioned just how good it reads  
It was broken last year, but it's working now  
And if the test of time could talk  
It would certainly say we passed it  
'Cause the months and days don't matter

I'd never wake you 'cause I always want you  
Always want you to keep on dreaming

Can't you see  
This doesn't feel like a one way street  
Our kind of love is like a rollercoaster  
Even if I had to wait forever  
I'd ride it out for love

And you're my  
My forever valentine  
Our kind of love is like a rollercoaster  
And each turn gets a little better

We ride it out for love

Looking back, I wouldn't change a thing  
Our mistakes make us stronger  
Whatever they were, is whatever they'll be  
And if the past is the reflection of what our future will  
hold  
I want you to know that I am with you through the dirt  
and through the gold

And the fireflies go on and on, illuminating your eyes  
and they're gone  
A flash of light - we're in paradise

Can't you see  
This doesn't feel like a one way street  
Our kind of love is like a rollercoaster  
We ride it out for love

And you're my  
My forever valentine  
Our kind of love is like a rollercoaster  
And each turn gets a little better  
We ride it out for love
