I am a pitch believer, an unforsaken fly
I got my cigarettes got my cartoons
Used up with the users in America we try
Disinfected so cool, just like you

(Chorus)

Sleep tight at home tonight
Everything will be alright
Don't blow me up just yet
I'm having too much fun, I'm American

I am a news receiver and no I feel no pain
You look in the mirror to look at me
Your sex and your religion is all the same
Is disinfected so cool, just like me

(Chorus)

Sleep tight at home tonight
Lock all the doors and leave on the lights
Don't blow me up just yet
I'm having too much fun, I'm American

I am a pitch believer, an unforsaken fly
I am a useless dealer, fortified and blind
I am a news receiver, look at me I've got the life

Don't beat it out of me, I'm disinfected

I am a pitch believer and no I feel no pain
I got my innocence I got my trial
And everywhere the rain falls we won't complain
We're disinfected so cool, and that's all right

(first Chorus)
