You and me were meant to be
Maybe I'm no one, you're someone I don't know
You can see what it means to me
Some silver horses, then something wakes me and I
scream

Every leaf that ever fell
Every tear that ever burned on you
I will not see

'Cause you and me were meant to be
We're feeling nothing smacked up and special
And I can't believe you were really falling down like

Every leaf that ever fell
Every tear that ever burned
It's you, I will not feel
I will still be there

Every leaf that ever fell
Every tear that ever burned on me
Don't guess it really matters now

When you almost had me going
When you promised me you'd bring me down
And you brought me down

So do you chase the air
When you feel nothing
Or do you feel at all?
You brought me down, yeah

Every leaf that ever fell
Every sin that burned on you
I will not feel that I will still be there

Every leaf that ever fell
Every tear that ever burned on you
That's all
Every tear that burned on you
Every tear that burned on you, yeah
