They're bringin' it down
They're bringin' it down across my back
I feel it within
But never believed your Jesus

I don't know why they sing for me
And I don't know why you're here

Blood on my hands
Blood all around before my feet
Thorn in my side
Take it away you'll find out

I don't know why they came for me
Will you help me find out

Is it a dull surprise
Shining within your eyes
Looking around you'll find
This is not make-believe

Livin' alone
I never allowed your light to shine
But look at you now
You're tearin' apart my insides

Is it a dull surprise
Shining within your eyes
Feeling a dull surprise
I never believed your lies
I'm waking up to find
This is not make-believe
Not make-believe
