Over time in a humble place  
Circumstances make things clear  
Another sign of all the wars and rage  
All the burdens we all feel, yeah

When I'm burning down inside  
Will you be there to open up my eyes again?  
All my choices wrong or right  
Will you be there? Will you be there?

When I'm a witness to things I can't control  
Will you find a way that's clear  
From the darkness of all the yesterdays  
They carry on and find me here, yeah

When I'm tired of holding on, will you be there?  
When all my reasons' gone away  
When the feelings turn to stone  
Will you be there? Will you be there?

I need to know the answer, do tell  
I'll turn and dream of what you mean  
And fall around your hands  
When I've got to get home  
Will you be there? You'll be there

Oh, when I'm burning down inside, will you be there?  
To open up my eyes again  
All my choices wrong or right  
Will you be there? Will you be there?

Oh, when I'm tired of holding on, will you be there?  
And all my reasons' gone  
Oh when my feelings turn to stone  
Will you be there? Will you be there?
